## **PAC Report November 2008**

As per the Terms of Reference created and presented to the Board in the spring of 2007, the purpose of the PAC and the Strategic Planning Chair is:

- 1. To integrate the WTF Canada Strategic Plan into the provincial association to promote and enhance the sport of TKD in NL
- 2. To develop and nurture athletic excellence in the sport of TKD in NL, both in the recreation stream and the competitive stream
- 3. To develop a consistent flow of athletes, coaches and officials to ensure the future of the sport of TKD in NL

It had been hoped that the committee would be in place and a strategic plan presented to the membership by November 2007. Due to a total lack of response to requests for representatives from the various member schools, this committee has not been formed. TKD Canada is still working on the LTAD and hopefully when it is completed and ready for implementation, there will be a provincial committee in place to bring it back to the member schools.

The Referee Chair and the Coaching Chair have been active with seminars and clinics to address points two and three above. Also Mr Crocker and Master Nippard are working on the Elite Athlete Training Program which addresses these points as well.

The Fundscrip program was scrapped, as none of the schools expressed any interest and the membership was required to make it a successful project. However, it is still an option, if at some point in the future; the membership would like to come together in a joint fundraising project.

Lisa Collett  
PAC Chair
